## News From Your TOWN HALL

Sanitary Inspector T. W. Miller of the State Board of Health complimented Belle Glade this week on the work being done by the town under the direction of local Inspector Pennington.

"Conditions are much better and the prospects for the future more encouraging than before," says the State Inspector.

Three persons, a bean contractor, an operator of a liquor store in the quarters, and a colored operator of a beer joint, appeared before the Commission with regard to "opening up" gambling in the quarters.

There is a feeling among some farmers and operators that closing up the gambling halls has been a detriment to the bean pickers coming or stopping in town.

There is a feeling on the other side that by closing the gambling houses are getting rid of some migrants, mostly no-goods who won't pick a bean at \$1.50 per hamper, and were better off without them.

All the street conversation during the week about this was not voiced to the Commission, and those who did appear didn't state much of a case, and the stand already taken by the City Fathers.

Town Clerk Dutch Walls informs us that there will be a campaign against roaming pigs, cows, horses and mules in the town. They are subject to be taken up, impounded and a charge made for this, plus costs of feeding and caring for them. It might be a good idea to fix the fence or cow stall.

The Commission talked to Mr. Volk of West Palm Beach, and about zoning the town. Mr. Volk will come out next Wednesday and be prepared to make the town a proposition on clearing the work already done by a local committee in this job.

Mr. Volk comes recommended as a man experienced in city and town zoning matters, being an architect and engineer.

## WOMAN'S CLUB HAS MEETING

Rev. Jay O. Jameson was guest speaker at the Woman's Club business meeting Wednesday evening. His subject was "Good Citizenship," and he was introduced by Mrs. C. A. Thompson, citizenship chairman. Mrs. Dorothea Jones, soloist sang "Pale Hands I Love," "Morning," and "When The Roses Bloom," and was accompanied on the piano by Mrs. J. A. Murphy, who played several other selections during a short introduction. Mrs. Thompson introduced by Mrs. Lee Hayman. Votes were cast in favor of donating \$10 to the Childrens Relief Society of Belle Glade and to purchase a book on authorship. Continued on page 6

## FBI To Hold Regular Quarterly Conference Here On December 4

John Kirk, Bill Mock and Patrolman Carlisle will form a group of local law enforcement officers to act as hosts to the quarterly conference held by FBI Agent-in-charge R. G. Daner, throughout his territory for the benefit of local officers at one o'clock, December 4th.

As is usual at these conferences specialists of the FBI will be here to hold schools and demonstrations of the most modern techniques of the profession. Self defense for the arresting officer will be the subject of two experts in jujitsu, who will throw each other around promiscuously and demonstrate the successful methods of resisting belligerent customers.

Arresting techniques will be discussed after the showing of moving pictures on the subject of the convening of the visitors will be the taking and demonstration of a case at the Everglades Theatre.

John & Co. will entertain the visitors with a good old Kirk-Baker barbecue in the City Park immediately following the business meetings.

## Wholesale Vegetable Distributors Hold Annual Election

At its annual meeting the Everglades Branch of the National League of Wholesale Fresh Fruit & Vegetable Distributors elected officers for the ensuing year after a lengthy discussion of the question of Sunday closing.

Another question coming in for serious consideration at the meeting was on Judge Vinson's proposal to give the buyer a definite mark-up over his buying price.

The following is a list of the officers elected: Roy Segren, President; E. L. Pope, Vice President; Dennis Friend, Secretary; N. T. Taylor, Treasurer; B. Lee Hayman, Chairman of Executive Committee and the following as members of the executive committee: Roy Vandegriff, C. A. Thompson, J. A. Ball and Max Beverly. W. Beverly was elected National Councilor.

## Frank Hollingsworth Missing In Action Officially Dead

On his tenth mission over enemy territory Technical Sergeant Frank H. Hollingsworth, 22-year-old operator in a B-17 was reported "missing in action," on August 12, 1943. The Adjutant General of the U. S. Army, in a letter to the parents, says "Full consideration has recently been given to all records, reports and circumstances. These have been carefully reviewed and considered. In view of the fact that twelve months have now expired without the receipt of evidence to support a continued presumption of survival, the War Department must terminate such absence by a presumptive finding of death. Accordingly, an official finding of death has been recorded under the provisions of Public Law 490, 77th Congress, approved March 7, 1942, as amended."

A scroled memorial from the President, a card of sympathy bearing an imprint of General Marshall's flag from the General and a Citation of Honor from General Arnold, together with a letter from the Secretary of War enclosing the Purple Heart Certificate and medal by order of the President, were received by the parents. The Purple Heart is awarded post-humously for sacrificing his life in defense of his country.

## Lions Hold Directors Meeting

The Lions Club Board of Directors held a meeting at the home of President D. C. DeHaven Friday night. Frank Dooley was in charge of the program and conducted a quiz which was won by George Ganas. The prize consisted of war stamps. Ralph Kirk was elected second vice president to replace Jack Royal, whose resignation was accepted some time ago. George Sarabhai was appointed to serve on the board of directors to replace Kirk. Refreshments were served at the close of the meeting.

## Pan American Official Urges Consideration Of South American Future

Geo. J. Rediker, Director of the Caribbean area for the Pan American Airways, held local Rotary luncheon at the Naval Air Station, Anacostia, Washington, D. C., and served as a Marine Guard at the Air Base. He received his training at Fort Knox, Kentucky, and was awarded a medal for shrapneling. Before entering the service he

## Annual Golf Meet Has Inspiring First Armistice Day

### Cole-Bratley Sponsorship Furnishes Prizes. Many Visiting Pros Here

Tony Penna, with a 67 was low scorer in the first annual Armistice Day Pro Amateur meet at the Country Club of the Everglades Sunday afternoon. On the first nine Tony turned in a 32 with two birdies, and a bogey gave him a 35. Earl Christensen, the tall Miami policeman who won the Tamanshaner Club tournament at Chicago this past summer, was the low amateur with two rounds at even par. His two birdies on each round took care of the two bogies on each round, so that two 36's registered a total par score.

Little Pro Clyde Usina was second low Pro with a 71 and Orey Crisman of Miami was third low pro with an even par. Clyde Usina and Kenneth Hill who made a hole in one, were low pro-amateur winners with a 63.

Tony Penna and Bob Duval were second Pro-amateur scorers with a 64.

W. D. (Buddy) Merry of West Palm Beach with a handicap of 3 was low net amateur. Tommy Armour turned in a 35-39 because his putter would not work for him. He turned in one birdie for the eighteen.

Joe Layley and the local Pro Bill Schreiber each turned in 73's gross.

Among local players Hitehcock, O. G. McWhorter, and Milligan turned in 76's, Mosley at 77; Little Doe and Casper 78's and Wre Willie a 79. Bender had an eagle on the eighth hole for the second round with one birdie but his total for the eighteen added up too fast. Kenneth Hill a soldier boy amateur.

There was one hole-in-one by Four eagles were scored, two by pros and two by amateurs. Penna and Kums scored one each while Herb Jones and Bender picked one apiece.

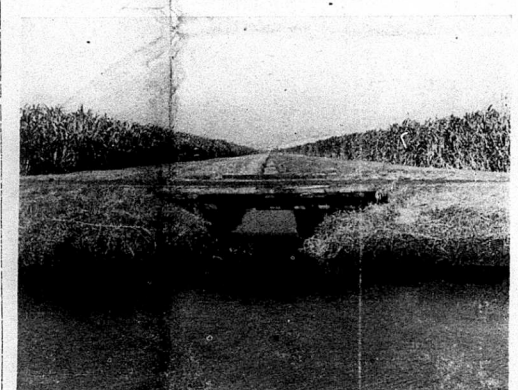

There were 75 birdies during the day by the 44 players and a total of 376 pars.

The most birdies were made on number eight hole, as were the four eagles. There were 32 pars, 21 birdies and four eagles made on this hole; 77 of the 88 (Continued On Page Five)

## What Is Water Control In The Glades?

Is It Pumps, and

Properly Constructed Field and Pumping Ditches?

## Ramifications Of Water Control To Local School Band Be Discussed By Eminent Scientists At Soil Science Meeting In Orlando

The conception of the average Glades resident farmer of Water Control is field ditches, collecting ditches and main pumping ditches with adequate capacity pumps. Motes in some types of land are necessary to insure a proper runoff and distribution of water, in his consideration. Serious thought, however, brings to light that the main canals, which there are six vitally affecting the Glades, are very important; further search brings to light that the general water table of the Glades is directly affected by the lake level. Further consideration discloses that the amount of water brought into Lake Okechobee through the Kissimmee River Valley watershed, has a most serious effect on Lake Okechobee's water level.

Rainfall, when how much, what season and how restricted or spread out is the rainfall, is the first consideration locally, while the pump out or in. The amount of water here in the Glades vitally affects the coastal communities, for if we keep or turn loose indiscriminately, which we have been doing,

how can they tell when and how long they will have water? There are several questions, far reaching in their contacts that affect the Glades water table. When, where and in what quantities do we get our water; when, how much and in what distribution do we need to use it, are basic.

"These questions will be discussed by experts in practical, national and state-wide reputation at a meeting of the Soil Science Society of Florida, at Orlando, December 7th and 8th, in the auditorium of the Orange Court hotel, beginning at 10:30 p. m.

Mr. G. M. Volk, the president, has arranged a tentative program which calls for discussions by Col. A. B. Jones, U. S. District Engineer of Jacksonville, Dr. Parker of the U. S. Geological Survey, our own State Geologist D. Herman Turner, Governor-elect Caldwell, Commissioner Mayo and soil scientists, cattlemen, citrus growers, drainage engineers and others.

Mr. Alaford Pyrmie, President of the American Society of Soil Science, will be the closing speaker. Continued on page 6

## Bean Market Is Shot Long Faced Farmers Have Fun Picking

### Golf Course To Be Closed For Ten Days

E. M. Van Landingham, President and Willie Weeks, Chairman of the Greens Committee, announce that there will be no play on the golf course during a period of ten days—until the 25th of November. Dick Wilson, designer and builder of the course is at the course to assist Bill Schreiber in replanting the greens and to make suggestions as to improvements of some of the tees and greens.

### "We'll Beat Vero If The Boys Play, And I Believe They Will"

With a 40 to 20 score over Moore Haven team following the debate with Lake Worth boys, blocking and tackling have been the dish in practice this week.

Coach Cook thinks his backfield is clicking now, with the added emphasis on blocking and tackling, and the ball carriers are running better.

Kirelman snagged several punts during the last game, but did it in style. Bearded displayed some unsuspected running ability while the old standbys in the line didn't perform below par.

The coach believes that his boys can take Vero if they make up their minds to do and will put out, and he thinks they taking that old zip to display a good brand of football Friday in Vero.

The second string boys could not do much with number 6 of the Moore Haven aggregation as he was fast, shifty and kept his mind on the business of taking that ball over the pay line.

Three touchdowns were made by the visitors when the second string was in, but they couldn't do much with the first team.

The first team went in and rolled up 40 points and retired so that the second string could get in some real practice.

### Cost of Production And Harvesting Leaves The Grower Loss of Time

With a slight increase in total car loading and a price level which is very disquieting, the Glades bean farmer is working to salvage what he has in the crop, with a lot of experience, worn machinery and worry for his trouble.

Bidders for pickers bagged a during the week, when it was found that 75 cents for picking a 22 to 26 pound hamper of beans didn't pay out very well, except to the labor.

Beans were picked Thursday for half dollar and some ventured the opinion that they might for ten cents less before Sunday.

The following is the car movement to date:

North End	South End	This	Week
Commonwealth	138	140	336
Beans	180	142	336
BK Beans	1	4	4
Collage	0	0	0
Mix Veg.	0	0	0
Total	181	146	331

Estimated Carloads by Truck	Beans	16	32	20	44
BK Beans	83	128	121	194	
	99	128	146	238	

## Yon Can't Find Them But If You Do Watch The OPA Ceiling

If you can find the kind of ammunition you want the OPA says don't pay over the following prices:

12 gauge shotgun shells \$1.38  
16 gauge shotgun shells \$1.32  
20 gauge shotgun shells \$1.22  
If you buy less than a box, you may pay not more than seven cents each.

22 long rifle, regular 34c  
22 short, regular 21c.  
You may pay one cent each for less than a box.

## Bender-Alspaugh Wedding Is An Event In Romance Of Furloughed Veteran And Local Girl

That that of Mrs. Loreta Ann Bender and First Lieutenant Melvyn Leroy Alspaugh, Jr., who exchanged marriage vows at the Community Methodist Church at 8 p. m. on Monday, November 13.

The double ring ceremony was performed by the Rev. Jay O. Jameson before a palm banded, candle lighted altar, with Miss Beverly Luke, organist, playing traditional nuptial music. The bride wore a traveling suit of powder blue with jabot of petit point and white accessories with a corsage of orchids. She was attended by her sister, Mrs. Edward Walsh of Ventnor, N. J. Best man was the groom's uncle, J. W. Bayles of Harrisburg, Pa.

Mrs. Alspaugh is the daughter of Mr. and Mrs. Guy J. Bender, a graduate of Pahokee High School, member of the First Baptist Church, and was employed by the Everglades Fire Control District. The groom is the son of Mrs. Helen Alspaugh and the late M. L. Alspaugh. He is a graduate of Pahokee High School and attended Palm Beach Junior College before enlisting in the Army Air Corps in 1942. He is pilot of a B-24 Liberator "Dead End Kids" and recently returned from eight months overseas service in the European theater where he was credited with 22 missions and is the holder of the Distinguished Flying Cross, Air Medal, Presidential Citation, three Oak Leaf Clusters and others. He is also a member of the Caterpillar Club.

Immediately following the ceremony the couple left for a brief wedding trip in the state. On their return Lieut. Alspaugh will report to Atlanta for reassignment to duty. Due to his short furlough, no formal wedding invitations were extended.

Out of town relatives and friends who attended the ceremony included Mr. and Mrs. Edward Walsh and children, Donald and Patsy, Lieutenant and Mrs. Edward Gilbert and daughter, Judith Ann of Boca Raton, Mrs. M. M. Alspaugh and Mrs. Helen Alspaugh and the late M. L. Alspaugh. He is a graduate of Pahokee High School and attended Palm Beach Junior College before enlisting in the Army Air Corps in 1942. He is pilot of a B-24 Liberator "Dead End Kids" and recently returned from eight months overseas service in the European theater where he was credited with 22 missions and is the holder of the Distinguished Flying Cross, Air Medal, Presidential Citation, three Oak Leaf Clusters and others. ## SERVICE MEN who FIGHT and WRITE

was employed by A. A. Kirelman here, then went to Bermuda with a construction company, where he worked for a year.

Truitt is the son of Mrs. W. L. Wynn, and has a brother, John, who has been in the Navy for the past year. He has the rating of Fireman first class and is aboard a transport in the Atlantic. Both boys are former students of Belle Glade school.

CLIFFORD ALLEN S. 1st Clifford, son of Mr. and Mrs. W. C. Allen of South Bay, is home on leave. He has arrived from California after serving for the past two years in the Pacific.

Sgt. J. J. HARRIS Sergeant Harris writes from Belgium: "I have been moving and am now living in a real house and would you believe it, sleeping in a bed. The whole personnel section is living here, and there are so many of us, we don't know what to do. There are fellows sleeping everywhere. This house was originally occupied by German officers and their families who evacuated back to Germany rather hurriedly. They left everything in the house, even food. The furniture is very nice, but most of the chests and cabinets were forced open by someone and the Belgians. The only bad part about it is the long walks in the rain (it's always raining) up one of the steepest hills in the area to go to our mess. We are eating very well now. When we need meat, someone goes over into Germany and shoots a cow and we have steaks. The last one they brought back had iron shoes on it though. It was

days here this week visiting his mother, Mrs. Malvinia DeLaure.

Sgt. FRANK E. RASHLEY Sergeant Rashley is spending a short furlough here with his parents, Mr. and Mrs. J. W. Rashley. He is now stationed at Fort Knox, Kentucky, and was accompanied here by his wife.

Emic Youngsters!  
What Are They?

The creator, suggestor or head sufferer from alphabeticallitis has come up with an initial name for babies—that is some babies—even before they are born—EMIC, which means Emergency Maternal Infant Care.

The idea of the newly alphabetically-named organization is to give assistance to expectant mothers and to babies until they are one year old—that is if the father is a service man. There is a feeling in some quarters that this is a step towards socialized medicine, but the idea of helping expectant mothers whose husbands are away seems okay.

The organization, or rather the

Florida State Board of Health is warning possible clients about immunization of the children against diphtheria, whooping cough and smallpox.

Immunization of the child before the end of the first year cannot be stressed too strongly. Dr. Lucille J. Marsh said. The smaller the child the more susceptible to disease, because the individual hasn't yet had an opportunity to build up its own immunity.

In Florida during 1943 there were 26 deaths from diphtheria alone—virtually everyone of which was preventable, she declared.

Thousands of service couples' babies have been born in Florida during the past 16 months under the direction of the EMIC program. The plan specifies that the expectant mother—the wife of a service man in the first four lower pay grades, and registered for the care with the State Board of Health—be given prenatal check-ups at clinic or by a private physician participating in the program. Then comes the delivery, and finally the essential care of the child during its first 12 months of life. This latter phase is an important link in the plan because a baby who has been medically guided through its first year bids fair to continue being a well baby.

Many young mothers whose babies were born in Florida have now moved to other states, or even to other sections of Florida. Offsetting this of course, are the many newcomers in line for EMIC. However, there should be no confusion or failure to take advantage of this program because of "not knowing" where to turn for help. If there isn't a local health department in the community, get in touch with the local Red Cross or write to the State Board of Health, Jacksonville, for names of local participating physicians.

Orphans Like To  
Enjoy Thanksgiving.  
You Can Help Them!

An urgent appeal for money, food and children's wearables is being sent out by the Children's Home Society of Florida, which has a daily family of about six hundred homeless and destitute Florida children under care and study in the Society's five Receiving Homes in Jacksonville, Miami, Pensacola and Lakeland in fostering boarding homes, special schools, hospitals, etc. It is hoped that every man, woman and child in Florida who is able to do so will send some aid as promptly as possible.

Marcus C. "Daddy" Fagg, has been the State Superintendent of the Home Society for the past thirty four years, during which time over fifty thousand homeless, orphan and less-chanced children have been referred for aid and care from every city town, and hemlet in Florida, and of every creed and belief, in this urgent appeal says, "We are facing a real and immediate need for provisions, canned goods, meats, chickens, eggs, vegetables, fruits or other eatables."

"We also need and will gladly welcome children's wearables of every kind and size—for children from wee babies up to boys and girls sixteen years of age. All money should be sent to our long time treasurer, Mr. R. V. Covington, 403 Consolidated Building, Jacksonville. All articles other than cash may be directed to one of our Children's Receiving Homes. We earnestly hope that hundreds of our good friends will remember our Society and its homeless children at this Thanksgiving season. Even the smallest gift or donation will help greatly."

Over 1,200 little ones have already been referred to the Home Society so far this year. Each day adds new children in need to this huge family—from all portions of the state.

The Chairmen of the Home Society's Sponsoring Committees in Palm Beach County, who will gladly accept and forward gifts or donations to the Society's needy children, are as follows:

Dr. William J. Buck, Chairman, Belle Glade.

Hon. J. C. Mitchell, Chairman Boca Raton.

Mrs. W. A. Adams, Chairman Canal Point.

Mrs. Samuel Ogren, Chairman Delray Beach.

Mr. E. G. Newell, Chairman Lake Park.

Mrs. Sue Webster, Chairman Lake Worth.

Mr. L. L. Stuckey, Chairman Palatka.

Dr. Carl N. Herman, Chairman, The Palm Beaches, West Palm Beach.

## ANNUAL GOLFING MEET

Continued from page 1  
times it was played were par or under.

An the short 3-par number 3 hole there were 42 pars, 3 birdies and one eagle—the hole-in-one.

On number nine there were 26

BIBLE QUESTIONS  
ANSWERED BY THE  
VOICE OF PROPHECY  
INTERNATIONAL BIBLE BROADCASTERS

Question—Do you think that there actually was a flood?

Answer—In Luke 17:27, we read: "The flood came, and destroyed them all." Was Paul one of the twelve apostles?

Answer—No, but he was an apostle. "Paul, a servant of Jesus Christ, called to be an apostle, separated unto the gospel of God." Romans 1:1.

Q—My mind is so confused by the trouble in the world. What can I do?

A—The gospel of John is a wonderful cure for worry. Here is a candle in John 11:1: "Let not your heart be troubled: ye believe in God, believe also in me."

Q—I have saved up quite a sum of time money. What shall I do with it?

A—We read in Malachi 2:10: "Zing ye all the tithes into the storehouse, that there may be meat in mine house, and prove me now herewith, saith the Lord of hosts, if I will not open the windows of heaven, and pour you out a blessing, that there shall not be room enough to receive it." Your church treasury is a storehouse. Why not turn it in there?

Q—Does "heaven" in the Bible always refer to God's dwelling place?

A—The term is used in three senses: (1) The atmosphere, in which we find the birds and the clouds. Matthew 8:20; 24:26. (2) The region of the stars. Acts 7:43; Hebrews 11:12. (3) The place of God's throne. Psalm 11:4. Where Christ is, Hebrews 8:1; 1 Peter 3:2. This is also called "the third heaven." 2 Corinthians 12:2.

Q—I believe in prayer, but my prayers are not always answered. Do you believe in prayer?

A—All prayers are answered, though not always in the way we expect—not always with a "yes." Remember, "no" is just as much an answer as "yes," and the answer, even if it be "yes," may be delayed. God knows best as to time and place. Then some prayers are not of faith and, therefore, are not answered. We read in Hebrews 11:6: "But without faith it is impossible to please Him: for he that cometh to God must believe that He is, and that He is a rewarder of them that diligently seek Him."

EL Note: Address your questions to the BIBLE QUESTION COLUMN, The Voice of Prophecy, Box 55, Los Angeles 25, Calif. Bible questions of 250 or more words will be answered in this column as space permits.

and a birdie by little Doe. On number 6 there were 11 pars and no birdies out of the 44 pars; on 15, which is the same hole 50 yards longer but played at a par 5, there were 27 pars and 6 birdies.

On number 8 hole, a five par, there were 18 pars and 15 birdies proving that the ditch and water were a hazard to only 11 of the players.

Altogether there was a full scale of golf shots by both pros and amateurs. The visitors all seemed to have had a very good time and were loud in the praise of the course.

On Saturday night there was a dance with the Boca Raton band and Sunday night a buffet supper to end a most successful sports and social event for the

club. O. G. McWhorter was Chairman for the tournament event; Bill Schreiber, local Pro with assistance from some of the members aided in caring for the visitors; the entertainment Committee handled the dance and the ladies organization headed by Mrs. Frank Donley furnished the Sunday night supper.

War bonds for prizes were donated by the Bratley-Cole combination together with registration fees.

Players from Lakeland on the west and Palm Beach to Miami on the east coast were participating. Twelve local players participated.

How  
JAX Keeps Faith

With Our Fighting Men...

## JOBS AND SECURITY WHEN THEY RETURN!

Although every employer is legally and morally obligated to re-employ men who have entered the fighting forces, many a service man is troubled by uncertainty about his job and his future security. So many things can happen!

But there is no uncertainty among the more than forty men who have taken leave of absence from their jobs with the JAX Brewing Company to enter the Service. Not only have we a binding re-employment agreement with each of them but we welcome them back with hearty enthusiasm for these are men who have been tried in the crucible of war... men whose mettle has been tested and who return as even better men and better citizens because of their service in the Armed Forces.

Already several of our men have returned from the Service. We have greeted them proudly and have made immediate places for them in our organization... places that provide the satisfaction and security to which every fighting man wants to return.

## "What'll they think of next?"

"I hear they're talking of putting windows in refrigerators after the war... and having more than one door... then you can see inside for what you want to take out and only have to open that door... and they say that you will be able to regulate the temperature in each different part of the refrigerator so one part may be below freezing and others at higher temperatures."

"Why, I can remember when we used to have to put things down the well, right in the water to keep them cool... it wasn't so good and of course we couldn't keep many things there so when those electric refrigerators came out, we thought nothing would be better... but now look what they are planning! It will be wonderful to have one of them... What'll they think of next?"

This picture is "And The Angels Sing" with Fred MacMurray, Dorothy Lamour, Betty Hutton, Diana Lynn, Mimi Chandler, Raymond Walburn and Eddie Foy, Jr. It is the story of four musical sisters and it is loaded with h' snappy songs but rhythm, comedy and romance. I can assure you it will not be a two hours wasted when you turn out for this one.

Tuesday-Wednesday brings one of my favorite players to the screen with "Kansas City Kitty". This favorite is none other than Joan Davis, who is assisted by Jane Frazee, Bob Crosby, Tim Ryan, Erick Rolf, Harry Harris, and the William Brothers. It is a comedy with music and you can lay your money on the fact that there will be some roaring comedy from Joan Davis in this piece.

On the same program comes "Women in Bondage" with a

I am deeply grateful for the confidence expressed by the citizens of the Sixth Congressional District and for their efforts in the campaign.

Edward W. Grebb  
Lake Worth, Florida

strong cast also. This one is a Nazi life drama and with the cast they have provided I will not hesitate to say it will be well worth seeing.

For the Thursday-Friday offering I find another double header. First picture up is "The Hitler Gang" Robert Watson, Alexander Pope, Victor Varoux, Martin Kosleck, Roman Bohlen, Fred Nurney, Erno Verebe, Paul Ahalon, Fritz Kortner, Louis arm Roderer, Tonio Selwart Ivan Triessault and Poldy Dur. I don't need to tell you this is strictly a Nazi picture. Glance at the names and you will note each of the players bears some foreign moniker, which means that this show was typed carefully and that should give you an idea that it is going to be a pretty authentic show, and a good one.

Following this one is another of those "sear-the-neck-out-a-ya" dramas under the title of "Cry of the Werewolf" and has a strong cast. Story was based around a gypsy band, which would be natural for a story of this type, and, according to all press reports it is a very interesting show.

Saturday brings one of the best Westerns Roy Rogers has done in some time. This one is woven right around his personality and carries a great cast. It finds under the title "King of the Cowboys" and I'm sure the members of the Six Shooter gang will go for it in a big way.

RAMIFICATIONS

Continued from page 1  
Civil Engineers, an international authority on domestic water problems will be on the program. These federal and state scientists have made studies of conditions in the Kissimmee River Valley as well as in the lower part of Florida, and their findings and recommendations will be contained in this meeting. Plant, animal and human nutrition as related to soil will be a subject discussed by those with the know-how. Mineralized vegetables, fruits and meats will undoubtedly get some attention from these learned men. If your vision of water control reaches beyond your garden door, then a visit to Orlando would not have been in vain, nor unfruitful of substantial results.

LOCAL SCHOOL BAND

PAN AMERICAN

(Continued from page 1)  
The young business men of North America was unbounded. "While the countries of South America are separate political units, they make up one economic unit that is waiting for the 'know-how' of their friends from the north." "While reluctant to give you advice about what you should do about this great possibility, I will give you one piece of advice. Those of you who have youngsters, be sure that they study Spanish and Portuguese. There are wonderful schools all over South America. Send your boys down there for summer schools. Let them mix with the future business and influential men from those countries, get acquainted with their customs, their needs. They are anxious for our 'know-how' and we've got plenty of it."

An interesting story of how air-express packages are delivered on the sparsely populated plains of Columbia was enjoyed. "Many times," said the speaker, "we have an air-express package for, let's say Juan Gomez, who lives 100 miles from the community. When the ship lands and inquiry is made for Juan, someone suggests that Manuel, a neighbor of Juan, has gone west a day or so ago and will be back along in a few days. Just put the package in the fork of the tree. Manuel will see it and take it on to his neighbor Juan." Nobody signs a receipt for anything because it is a reflection on his honesty if he does. They are very honest and high class people."

WOMAN'S CLUB

Continued from page one  
ors for the City Library. Mrs. J. F. Browne gave an interesting account of Section Ten of the Florida Federation of Women's Clubs recently held at Delray Beach. Mrs. Murphy's name was submitted for membership.

Following the business session

refreshments were served by the hostesses Mrs. E. H. Borchardt, Mrs. Walter Hooker, Mrs. Richard Townsend and Mrs. Lawrence Hughes. The next meeting will be held December 8th at 8 p. m. and will be an art program. Mrs. J. W. Mealey, art chairman will be in charge. Other members attending were Mrs. Pete Scuran, Miss Adelaide Perry, Miss Sue Stanton, Mrs. Charles Harris, Mrs. B. Q. Waddell, Mrs. Milton Campbell, Mrs. Inez Dickenson, Mrs. Herbert Beck, Mrs. John Sabiston, Mrs. H. O. Earwood, Mrs. George Williams, Mrs. J. A. Ball, Mrs. J. W. Milligan, Mrs. E. C. Minnum, Mrs. Lawrence Will, Mrs. James Wiergen, Miss Edith Dunbar, Mrs. Luther Jones and Mrs. Frank Dooley.

### MRS. BENNY WEEKS ENTERTAINS

Mrs. Benny Weeks entertained a group of friends at her home Tuesday evening with two tables of bridge. Following the game, refreshments were served and scores prizes awarded to Mrs. Frank Dooley and Mrs. Harold Ellsberry. Other guests were Mrs. Hubert Tilly, Mrs. Ben Fleming, Mrs. H. E. Hinchey, Mrs. E. M. Van Landingham, Mrs. H. C. Van Landingham.

### FIGHT AND WHITE

Continued from page one  
members of Company B, the citation said, "prevented heavy losses to friendly troops, who were forced to withdraw, and resulted in driving back the enemy with extremely heavy losses. Their actions provided sufficient time for the reorganization of infantry positions and beachhead defenses. At no time did Company B displace to the rear until all of the infantry had withdrawn completely. The company, combat skill and expert esprit de corps displayed by members of Company B were an inspiration to all troops in the vicinity and reflect the highest traditions of the armed forces of the United States."

Company B also has a citation awarded by the 1st British Infantry Division and one given by Combat Command of the United States 1st Armored Division for outstanding performance.
